While Heifetz and EP 0315239 are believed to be the closest prior art, Heifetz fails to disclose that the support sheet is directly adhered to the layer of bituminous based waterproofing material and EP '239 fails to disclose an adhesive coating that is to be partially transuded into the pores of the support sheet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
